### PSEA Implementation in Humanitarian Response: Ensuring a victim-centred approach

Ms. Jane Connors
United Nations Victims'
Rights Advocate

Ms. Najat Rochdi
Team Leader & Director
Peer2Peer Project
FACILITATOR

Ms. Isabella Castrogiovanni
UNICEF Senior Coordinator
on Sexual Exploitation and
Workplace Abuse

For Humanitarian Leaders in the Field

Briefly describe your role and mandate, including what has been achieved across the UN system and remaining challenges to be addressed.

- The rights and dignity of victims are at the heart of the UN's response to sexual exploitation and abuse.
- The mandate of the Victims' Rights Advocate was created as the centerpiece of the Secretary-General's strategy to transform the UN's approach to prevent and respond to sexual exploitation and abuse by UN personnel.

- The Secretary-General envisaged the Victims' Rights Advocate as a global advocate for victims of sexual exploitation and abuse.
- The Victims' Rights Advocate is tasked to entrench a rightsbased approach to prevention and response across the entire United Nations system.
- The role of the Victims' Rights Advocate is to give a voice and visibility to those who have suffered, and address the stigmatization, stereotyping and discrimination victims often face.

For Humanitarian Leaders in the Field

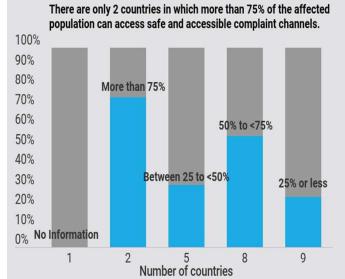

### UNICEF was the PSEA Champion in 2018-2019. What were the priorities, major accomplishments during this time?

- The number one priority was accelerating action at countrylevel around a common set of tangible and measurable priorities to be implemented at the field level through the Humanitarian Coordinators' system
- The focus was on resourcing country-level PSEA systems, supporting senior leadership and deploying expertise.
- The IASC Plan for Accelerating PSEA in Humanitarian Response at Country level.

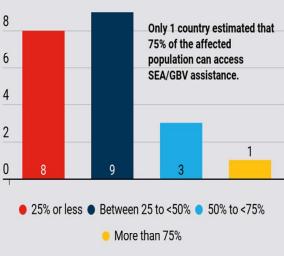

### **PSEA Global Snapshot**

1. Percentage of the affected population who can access safe and accessible complaint channels

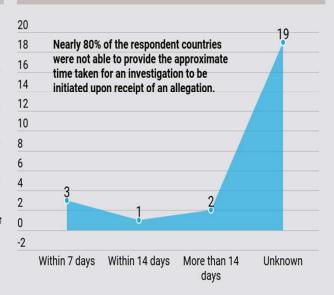

2. Percentage of the affected population, particularly women and children who can access SEA/GBV assistance

Note: 4 countries did not respond to this question

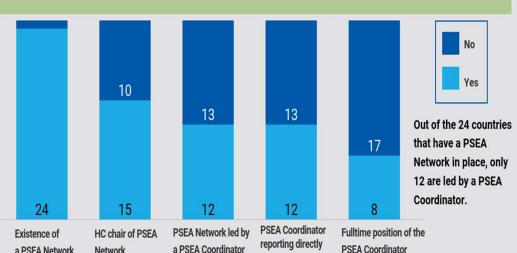

3. Approximate time for an investigation to be initiated, upon receipt of an allegation

a PSEA Network

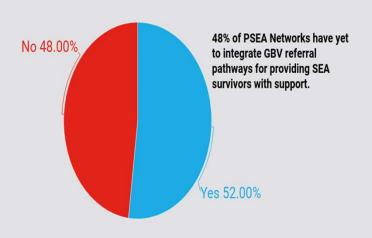

Network

to HC/RC

a PSEA Coordinator

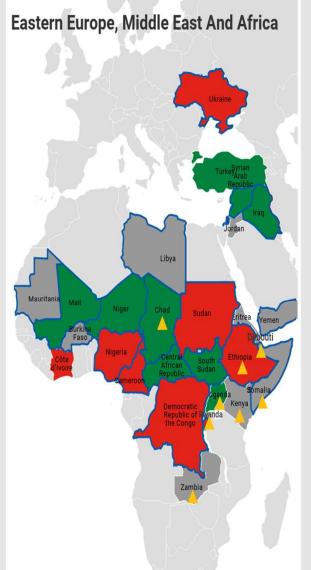

#### 5. Percentage of PSEA Networks that have integrated GBV referral pathways

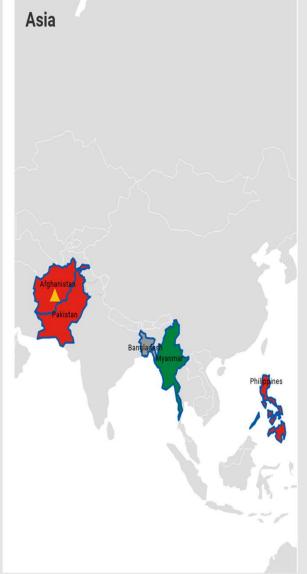

The data reflects responses from Afghanistan, Burundi, Cameroon, Central African Republic, Chad, Colombia, Côte D'Ivoire, Democratic Republic of Congo, Ethiopia, Haiti, Iraq, Lebanon, Mali, Myanmar, Niger, Nigeria, Pakistan, Philippines, South Sudan, Syria, Palestine, Turkey (cross border to the Syria response), Uganda and Ukraine

### **IASC Mapping of PSEA at Country-Level**

Countries with Refugee Response Plans

Country respondents with PSEA Coordinators

Country respondents without PSEA Coordinators

# You ensure that the rights and dignity of victims are prioritized in our collective response. What role should be played by Humanitarian Coordinators, HCTs and other humanitarian actors to ensure that?

 The Office of the Victims' Rights Advocate works to mobilize a more strategic and integrated, victim-centred, gender- and child-sensitive and non-discriminatory approach to our responses. These range from prevention measures, reporting and lodging complaints, the provision of support services, to access to justice and accountability.

- In four countries from which the greatest number of allegations have been received: CAR; DRC; Haiti and South Sudan - field victim rights advocates/senior victims' rights officers reflect the role of the Victims' Rights Advocate operationally.
- They are the main contact for victims on the ground, accompanying them as they seek assistance and accountability, and keeping them abreast of their cases.

## Can you tell us more about the challenges and what is planned for the acceleration of PSEA implementation in Humanitarian crisis?

### Some of the key challenges

- Under-reporting
- Access to services
- Accountability gaps at all levels
- Resourcing and sustaining this work
- Issues around social norms
- PSEA in development settings

### Some of the priorities going forward:

- Embedding all aspects of PSEA work in every Humanitarian Response Plan or Refugee Response Plan.
- PSEA work must become part of the 'cost of doing business'
- PSEA workstreams under IASC Results Group 2 on "Accountability and Inclusion"

UNHCR SEA/SH championship agenda – three priority areas to carry this work forward:

- Bolstering prevention
- Expanding safe spaces
- Promoting a respectful use of authority

### IASC COUNTRY-LEVEL IMPLEMENTATION OF PSEA: 3 PRIORITY OUTCOMES

## REPORTING

### In all humanitarian situations:

 Outcome 1. Every child and adult in humanitarian situations has access to a safe and child-sensitive SEA reporting channel.

SURVIVOR SUPPORT

Outcome 2. Every survivor of SEA receives quality, survivor-centered assistance.

ACCOUNTABILITY

Outcome 3. Every child survivor of SEA has their case investigated in a prompt, safe and respectful way.

### What is P2P Support?

"Peer 2 Peer Support (P2P Support) purpose is to provide direct peer support to Humanitarian Coordinators (HCs) and Humanitarian Country Teams (HCTs) to strengthen the effectiveness of humanitarian response in the field. The project is a IASC tool and the project Director reports to the EDG and the ERC."
