COVID-19: How the System is responding to Supply chain, logistics and local market challenges

Panellists

Paul Molinaro, Chief, Operational Support & Logistics at WHO

Stephen Cahill, Director of Logistics at WFP

&

Baptiste Burgaud, Head, Field Support Unit, Supply Chain Division, WFP

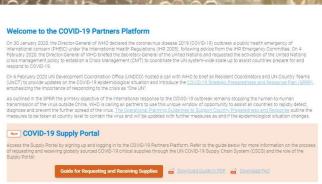

What is the role of the supply chain task force? How does the new supply portal support the work of the task force?

COVID-19 Supply Portal: access via https://covid-19-response.org/

To be able to view the Supply Portal link, users must be approved in the Partners Platform as either:

- Country Partners
- Country Administrators
- Regional Administrators
- Global Viewers
- Global Administrators

https://covid-19-response.org/

The Secretary-General in support of the CMT requested the creation of COVID-19 Supply chain System (CSCS). What is the process for requesting and receiving globally sourced COVID-19 critical supplies through the UN COVID-19 supply chain system?

WFP COVID-19 Response

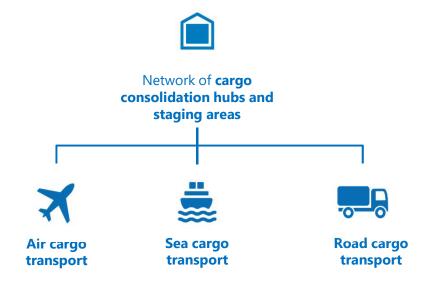

Global Service Provision

SAVING LIVES CHANGING LIVES

Cargo consolidation and transport

- Supply chain services to all humanitarian
 organizations on a free-to-user basis to ensure
 the predictable and sustained movement of life saving humanitarian and medical cargo.
- First flight on 30 April from Liege to Ouagadougou.
- Cargo services accessible via the Emergency
 Service Marketplace

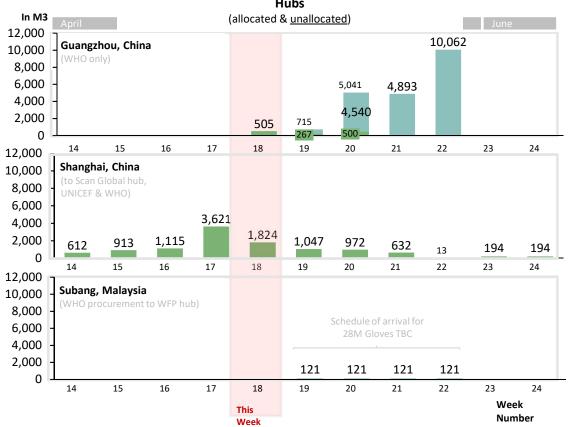

What is the Purchasing Consortia? How has the Purchasing consortia responded to the COVID-19 crises? How will these actions help countries in need?

COVID-19 | Essential Health Items Pipeline Overview

Supply / Schedule of Arrivals to Consolidation Hubs (6 weeks overview)

Weekly arrivals expected from the Suppliers to the Hubs

Highlights

- This analysis shows the "known" situation as of 30/04/2020, for partners having shared their pipeline with an intention to use the WFP common services for transportation.
- UNICEF is currently using Scan Global hub in Shanghai to receive, pack and label cargo from the suppliers.
 Transportation is currently done by UNICEF's freight forwarder, pending transition to the Common Services.
- Possibilities to charter aircrafts from Shanghai, or to move cargo by road to Guangzhou to be explored for cost effective cargo consolidation.
- The first consignments have arrived to Guangzhou on 29/04, and the warehouse, for a total of 65 m³. Dispatch is pending full documentation and final allocation by WHO.
- Currently, most of WHO PO's are only committed (pending quality inspection and funding confirmation). Large volumes are expected to be confirmed by next week.

Update: 30/04

Stage 2 Committed & Stage 3 Purchased: expected weekly arrivals in product units at the WHO China warehouse

Expected units in total pipeline (Product units in Mn)

Stage 2 Committed & Stage 3 Purchased: expected weekly arrivals in volumes at the WHO China warehouse

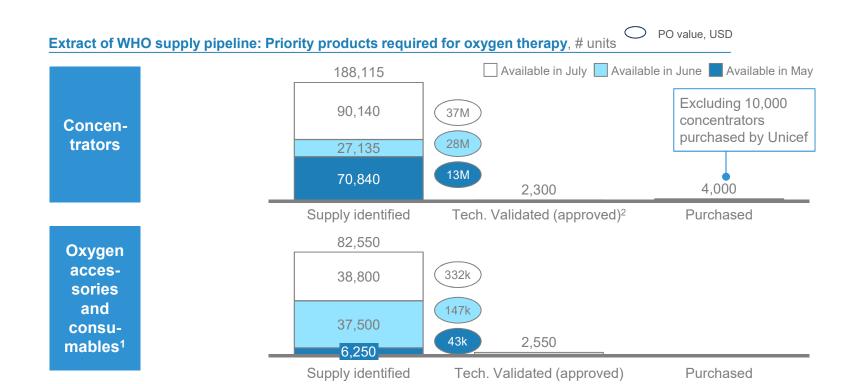

Expected volume of shipments in total pipeline (Units: M³)

WHO continues to validate the technical specifications and quality assurance of companies / products mapped and initiates POs

There is a COVID-19 supply portal? Who can use it and how? Are there country based focal points for this tool?

Accessing COVID-19 Supply Portal training materials

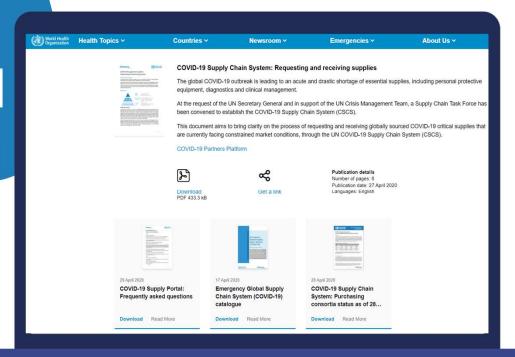

Training materials conveniently available online on the WHO external website

https://www.who.int/emergencies/diseases/novel-coronavirus-2019/strategies-plans-and-operations

Currently available:

- Requesting and receiving supplies
 Guidelines for the process of requesting and receiving globally sourced critical items
- Emergency Global Supply Chain System (COVID-19) catalogue
 Catalogue of critical items that can be requested through the COVID-19 Supply Portal
- Frequently asked questions

COVID-19: Webinar Series

Topic: COVID-19	Date	Time
1. Supply chain, logistics and local markets	Wednesday, 6 May	16:00 CET
2. Prevention/Protection measures in populated areas.	Wednesday, 13 May	16:00 CET
3. Community Engagement and Communication strategy at the national/local level	Wednesday, 20 May	16:00 CET

What is P2P Support?

Peer 2 Peer Support (P2P Support) purpose is to provide direct peer support to Humanitarian Coordinators (HCs) and Humanitarian Country Teams (HCTs) to strengthen the effectiveness of humanitarian response in the field. The project is a IASC tool and the project Director reports to the EDG and the ERC.
